

## **Nominations are open for a community or stakeholder representative to the Loreto Normanhurst School Redevelopment Community Consultative Committee.**

Loreto Normanhurst has been developing a Master Plan to guide planning of the campus over the next 30 years. We are planning for a 30-year period because there is a growing need for excellent schools in Sydney's north.

In line with standard practice for State Significant projects in NSW required by the Department of Planning, Housing and Infrastructure, Loreto Normanhurst has established the Loreto Normanhurst School Redevelopment Community Consultative Committee which has met quarterly since April 2022.

**A vacancy for a community or stakeholder representative on the committee has arisen.**

### **Want to contribute to your community?**

Community Consultative Committees provide a forum for open dialogue between the proponent and project team and local community members, stakeholder groups, and local council on issues directly relating to the project.

We are looking for a person who lives locally and/or is a member of a stakeholder group with an interest in the project to join the Loreto Normanhurst School Redevelopment Community Consultative Committee.

**Your role as a committee member is voluntary.**

You would be expected to attend around four meetings a year, contribute constructively to committee discussions, and communicate information about the master plan between the committee members, your stakeholder group, and the broader community.

Minutes of meetings held to date are at <https://www.loretonh.nsw.edu.au/about/master-plan/>
